Work Experience

Shift Manager

Apr 2025 - Present

at McDonalds (JMC Hospitality) • mcdonalds.com

During my time at McDonalds I ensured food safety, quality, and service goals were reached. This role required me to delegate tasks and maintain overall store efficiency.

- Ensure all procedures are followed, including critical food safety, cleanliness, Hospitality, and service.
- Train, coach, and coordinate employees to reach store goals.

Prompt Trainer

Dec 2024 - Apr 2025

at Outlier AI • outlier.ai

- Write and optimize prompts to train LLMs and AI chatbots.

Documentation Technical Lead

Jul 2022 - May 2024

at ClickFunnels • clickfunnels.com

ClickFunnels is a marketing/ecommerce SaaS company. I created, maintained, and improved the customer education and understanding through communication and documentation.

Technical Support Specialist

Sep 2021 - Oct 2022

at ClickFunnels • clickfunnels.com

Provided world-class technical support for a SaaS platform to various entrepreneurs of varying skill levels.

Help Desk Specialist

Mar 2018 - May 2020

at Adna Technologies • teamadna.com

Adna Technologies is a MSP, fully managing local business's IT needs. I provided technical support for a wide range of software and technologies, adapting quickly to meet unique client requirements and find solutions.

Cashier, customer service, etc.

Sep 2017 - Feb 2018

at Meijer • meijer.com

During my time at Meijer, I gained hands-on experience in various retail operations, contributing to a positive customer experience and the efficient running of the store. As a cashier, I accurately processed transactions, handled customer inquiries, and maintained a fast-paced, friendly checkout environment. I also collected carts from the parking lot, ensuring a clean and safe shopping environment for customers. In addition to cashier duties, I helped stock shelves, organizing and replenishing merchandise to ensure product availability and maintain a neat and orderly store layout. At the customer service desk, I assisted customers with returns, exchanges, and inquiries, addressing concerns and resolving issues in a professional and efficient manner.

- Cross trained as cashier, customer service, carts return, and product stock.

Electrical and IT

May 2016 - Feb 2017

at Jurassic Quest • jurassicquest.com

Jurassic Quest is a travelling dinosaur exhibit, providing entertainment and education for children and people of all ages. I set up, repaired and replaced damaged electronics and equipment, ensuring a high-quality educational experience for attendees.

Shift Manager

Jan 2012 - Apr 2016

at Burger King Corporation • bk.com

During my time here, I followed and enforced health and safety regulations. I was also responsible for tracking company cash, product, and employees. This role required me to delegate tasks and maintain overall efficiency. I also ensured accurate data entry into point of sale software.
